Year 1 & Year 2

1st July

Sports Day – Years 3, 4 5 &
6

5th July

Year 2 & 3 Camping

Friday 16th July

School closes for Summer

Message from the PTFA

This Saturday (26th June) we are laying stone paths, building planters and filling them with soil - and we need all the help that we can get!

We'll be on site from 8am and are hoping to finish by 2pm (although this depends on the number of volunteers we have). Even if you can only spare an hour or two, it would be very much appreciated.

If you own a spade or wheelbarrow then please bring them along with you.

Thank you!!

GENERAL UPDATES AND NEWS

Sports Day

Reception – 30/06/2021 (9:30) Year 1 & 2 – 30/06/2021 (13:30)

Year 3 & 4 – 01/07/2021 (9:30) Year 5 & 6 – 01/07/2021 (13:30)

We are allowing spectators but we must adhere to the social gathering rules and guidelines. In order to do this fairly and safely one ticket will be issued to each child. I appreciate this isn't ideal but it is the only way we can safely allow people to watch the event.

Holiday Club

We are now in a position to offer the following days over the summer:

Tuesday 20th July, Wednesday 21st July, Thursday 22nd July, Tuesday 27th July, Wednesday 28th July, Thursday 29th July, Tuesday 3rd August, Wednesday 4th August and Thursday 5th August.

Club is open to all pupils from Reception to Year 6 and pupils who are due to start with us in September 2021. Our insurance means pupils from other Lancashire schools can also attend but we are not advertising this to a wider audience yet however if you have a relative or friend who is interested in a place please ask them to contact the office.

Club will run from 8:30am - 5pm at a cost of £20 per child per day with a discount for siblings at £15 per child per day. Snacks and drinks will be provided throughout the day but children will need to bring their own lunch.

Bookings and payment can be made through the school office. Each day is limited to 20 places.

STARS OF THE WEEK!

Reception

Oliver White

Year 1

Olivia Wright

Year 2

Isla Pennington

Year 3

Naomi Salvin

Year 4

Rufus Scott

Year 5

Hamza Azam

Year 6

Louise Taylor

Reception
Isabelle Hill

Year 1
Bradley Mason

Year 2
Guy Reid

Year 3
Poppy Lindsay

Year 4
Freddie Owen

Year 5
Jamie Ives

Year 6
Jayden Unsworth

Curriculum news

Reception - This week we have been reading the Naughty Bus! 🚌 We have been writing some super sentences for our wanted posters, to help us find the Naughty Bus! In maths we have been working on doubles and we have continued our work about People Who Help Us. 🚒 🚑 🚒

Year 1 - This week year one have been learning to sing along to 'The Yellow Submarine' and learned how to play the chorus on the glockenspiel. We are looking forward to performing our song in the next few weeks!

Year 2 - In science Year 2 have investigated how different materials and objects can be manipulated by squashing, pulling, pushing, rolling and pinching. They loved practising all the events in preparation for our Sport's Day next week. In English, they have written some outstanding stories based on the class novel: Wind in the Willows. In Re, we have looked at what you can and can't do on the Sabbath day.

Year 3 - We have enjoyed taking part in an orienteering lesson during PE with the new resources we have in school. We have also been writing stories based on the Magic Faraway Tree.

Year 4 - This week, we welcomed a new friend into our class and have loved getting to know each other, created flood warning announcements to inform the public of an imminent bursting of riverbanks, and completed the level 1 course of Bikeability.

Year 5 - This week in history we have found out about the reasons why Athens became such a strong city. We have started to read and analyse Greek myths in English. We have also explored angles in maths and investigated the different ways of separating materials in science.

Year 6 - This year we have been comparing poems in English and discussing the impact of the language on the reader. In Maths we have been planning dream holidays and looking at how we can make this cost effective. In computing we have been looking at computer aided design and TinkerCad.

Cool Kids Registration Forms

Forms went out last week to the families who regularly use Cool Kids for before and after school care. If you would like a form please notify the school office. Further information about Cool Kids can be found on the website.
