

## Curriculum Intent Statement

At Anderton Primary School the curriculum is designed to: recognise children's prior learning, provide first hand learning experiences, allow the children to develop interpersonal skills, build resilience and become creative, critical thinkers. Our core values of perseverance, self-reflection, respect, trust and kindness are embedded into the curriculum.

Every child is recognised as a unique individual. We celebrate and welcome differences within our school community. The ability to learn is underpinned by the teaching of basic skills, knowledge, concepts and our five core values. We constantly provide enhancement opportunities to engage learning and believe that childhood should be a happy, creative, investigative and enquiring time in our lives where there are no limits to curiosity and there is a thirst for new experiences and knowledge. We promote positive attitudes to learning which reflect our core values and skills needed to promote responsibility for learning and future success.

Community involvement is an essential part of our curriculum as we celebrate local traditions, learning new skills to enable the children to take an active role in events throughout the year.

At Anderton we explore, we create, we innovate!

Our Curriculum is:

Children leave Anderton with a sense of belonging to a tightly knit community where they have the confidence and skills to make decisions, self-evaluate, make connections and become lifelong learners.
