

Year 6's theme for Summer is:
The UK

Home Work

At this age, activities are intended for children to attempt independently, please support your child if they need it, but let us know if something is causing a lot of difficulty. Monday homework will be linked to Spelling, Punctuation or Grammar, this must be back in school for the following Monday. Friday homework may be English, Maths or topic work, it should be returned by Tuesday. As a school we are really working on handwriting and presentation - this is something that could be encouraged at home.

In English we will be looking at poetry, plays and explanations. We will also continue to develop our writing skills and understanding of spelling, grammar and punctuation. We will be rehearsing the end of year play as part of our drama lessons.

As mathematicians we will further develop our understanding of fractions, decimals and percentages. We will be problem solving in all areas of Maths and using measures and shape knowledge in DT. Remember to use MyMaths to support your learning.

Catch up: In DT we will design a product that includes an electrical system to link to our prior work in Science.

RE will be taught by Mrs Devlin. We will learn more about Judaism and Christianity.

As scientists we will be learning about living things and the environment. We will also complete our work on evolution.

During Computing we will learn about HTML tags and we will try making our own webpage using Mozilla Thimble.

As musicians, we will learn a number of songs for our end of year performance.

Monday's PE will be dance linked to the play. Thursday's PE will be taught by Mrs Devlin and will be athletics and rounders.

Miss Gregson is the class teachers. We are supported by Mrs Devlin, Mrs Higginbottom and Mrs Stanley. Our Class Governor is Mr Mark Frost. For the long term plan please look on the school website under Year 6.

As Geographers we will be learning about the UK. We will look at the local area, develop geographical skills by exploring the local environment and then look at Britain as a whole. We will also investigate the impact the Commonwealth has had on the UK.
