Fractions, Capacity and Volume
Money
Time

Computing

Online Safety The children will learn how to carry research using the internet about toys and how to carry out a 'safe search'.

Grouping and Sorting The children will learn to use ICT programs to sort objects and information by a given criteria.

RE

Christianity: God
The children will learn about how some people believe and feel about God. They will learn the Christmas Story and know that Christmas is a celebration of Jesus' birth.

Science

Materials

The children will learn the difference between object and material and be able to name some common materials. They will begin to group materials based on the properties of them.

Anderton Primary School

Autumn Term 2

Year 1

Lights, Camera, Action!

Music

Christmas Play

During this term the children will find their singing voice! They will learn, recite and perform songs for our Christmas Play and perform them to a large audience. They will learn about rhythm and pace.

PE

Dance — The children will learn to copy a simple dance routine and move to a beat. They will learn to link and perform 2 dance movements.

Games — The children will learn to throw and catch a large ball using an under and over arm throw. They will roll a ball to a target.

DT

Textiles – Making Puppets

During this unit the children will design, make and evaluate their own hand puppet. They will choose materials and tools appropriately for the purpose. They will learn to complete a running stitch to join two pieces together.

PSHE

Core Theme: Relationships

The children will learn about the difference between surprises and secrets and who can help when they need help. The children will learn to respect others and how to give praise.

History

Toys in the Past

The children will recognise how toys have changed over time and compare them to their own now. They will sequence the toys in time. They will use primary and secondary sources to answer their questions.
