Curriculum news -What wonderful things have we been learning about this week?

Reception - We have made our own pancakes and written instructions for them. We have also been comparing the weight of different items checking which are heavier and which are lighter.

Year 1 – We have been tasting exotic fruits and describing how they taste. Next week we will design our own fruit kebabs.

Year 2 – We have read lots of riddles this week and have started to write our own. Next week we will start our new maths unit on length and height.

Year 3 – We really enjoyed our first basketball lesson in PE with Chorley Sports Partnership and making bruschetta in design technology.

Year 4 – We have been exploring the dilemma in ‘Snow boy and the last tree standing.’ We are also very excited to start our swimming lessons.

Year 5 – We have begun reading our new book and finding out how it links to our Earth and Space science topic.

Year 6 – We have started to look at the features of a discussion text in preparation for writing our own. We also shared our knowledge about grouping and classifying living things.

If you are a Facebook user, please search ‘Morrisons Chorley Community Champion’ and comment Anderton Primary School to give us a chance of winning books for the school. The comment needs to go on the Morrisons page not on a link or shared post. Many thanks.
